

Federal Standard 595 Paint Spec

To purchase the Fed-Std-595 Specification, Fan Decks, or Paint Chips, contact:

Federal Standard 595 Specification Commerce Site (www.fed-std-595.com)

Fed. Std. 595 Color Site (<http://www.fed-std-595.com/FS-595-Paint-Spec.html>)

Please do not call us at General Devices regarding either the 595 Spec or sources for paint.

We do not sell the specs, chips, or fan decks and we do not sell paint.

The following information is provided to General Devices' customers to help them with paint selection for having a cabinet/enclosure or chassis painted a custom color.

The colors in the Federal Standard set have no official names, just five-digit numbers. Any names given below are generic. The first figure can be 1,2 or 3 and indicates the level of sheen:

1 = gloss

2 = semi gloss

3 = matt

The second figure of FS code indicates a general color classification group;

0 = Brown

5 = Blue

1 = Red

6 = Grey

2 = Orange

7 = Other (white, black, violet, metallic)

3 = Yellow

8 = Fluorescent

4 = Green

The remaining figures (third to fifth) combined into a number indicate the intensity. Lower value indicates a darker color, higher value - a lighter color, with no other significance. The numbers have been assigned with gaps to allow addition of new colors. Fed-Std-595 is a color collection, not a complete color system, and this has the following implications:

The existence of a color chip 1xxxx in the FS Fan Deck doesn't imply that there is a color chip for 3xxxx.

However, references to such "virtual" chips built on the principle "same color, but different sheen" is a widespread practice.

The FS is not extensible, i.e. it does not allow to derive new colors from the existing ones. Thus, if you compare i.e. RLM colors to FS codes, you can only refer to the nearest existing FS color, which most often isn't a perfect match. In practice, the FS set is extensive enough to find a good-enough match for almost any color.

Please do not call General Devices for assistance with any Fed Std 595 issues unless you have questions about purchasing custom painted cabinet/enclosure or chassis from us.

FED-STD COLOR CHART for CHASSIS, CABINET ENCLOSURES and RACKS

Commonly Requested Colors For General Devices Custom Painted Products.

- Black - 27038
- Light Green - 24449
- Light Gray - 26440
- Light Blue 25190
- Gray - 26306
- Tan - 23617

* Common colors are highlighted by RED box.
